

## Hose Pipes

C.K watering systems represent the very best in tough, long lasting water management systems.

Compatible with 1/2" and 3/4" hoses, the range is carefully engineered to be configurable to any application.

### 7621 Multi-Flex hose pipe

| Item Number | Length | Ø         |
|-------------|--------|-----------|
| G7621 15    | 15m    | 13mm 1/2" |
| G7621 30    | 30m    | 13mm 1/2" |
| G7621 50    | 50m    | 13mm 1/2" |

Quality 1/2" bore hose pipe ideal for general outdoor use. Triple layered with polyester reinforcement for extra strength and resistance to twisting and stretching. Abrasion resistant PVC outer for long life. Burst pressure 28 bar.

### 7625 Pro-Flex hose pipe

| Item Number | Length | Ø         |
|-------------|--------|-----------|
| G7625 15    | 15m    | 13mm 1/2" |
| G7625 30    | 30m    | 13mm 1/2" |
| G7625 50    | 50m    | 13mm 1/2" |
| G7625 75    | 75m    | 13mm 1/2" |

Top quality 1/2" bore hose pipe ideal for the professional user. Superior elasticity of the thick PVC layers gives more flexibility at low temperatures. Polyester reinforcement gives extra strength and resistance to twisting and stretching. Burst pressure 35 bar. 1/2" and 3/4" bore.

### 7626 Pro-Flex hose pipe

| Item Number | Length | Ø         |
|-------------|--------|-----------|
| G7626 15    | 15m    | 19mm 3/4" |
| G7626 30    | 30m    | 19mm 3/4" |
| G7626 50    | 50m    | 19mm 3/4" |

3/4" bore. Specifications as per G7625.

## Hose Accessories

### 7912 Spray nozzle

| Item Number | Description  |
|-------------|--------------|
| G7912       | spray nozzle |

Adjustable spray fitting with male end. Simple turn adjustment varies flow from "off" through spray to hard jet.

### 7943 Spray gun

| Item Number | Description |
|-------------|-------------|
| G7943       | spray gun   |

Comfortable ergonomic design with lockable on/off trigger and precise easy to use spray to jet adjustment.

### 7945 Rose spray

| Item Number | Length    |
|-------------|-----------|
| G7945       | 900mm 36" |

Diffuses water through hundreds of holes to provide a gentle spray pattern, suitable for delicate plants. 36" long reach arm, lightweight design and comfort grip ensure ease of use in all watering situations. On/off volume control.

### 7755 Lawn sprinkler pulse jet

| Item Number | Description    |
|-------------|----------------|
| G7755BI     | lawn sprinkler |

Full or part circle pulse jet, 450m<sup>2</sup> coverage. All parts are resistant to corrosion and oxidation. Self-lubricating mechanism. Adjustable to suit water pressure available and force of jet. Pulse head sits on a 330mm extension and ground spike.

### 7756 Lawn sprinkler oscillating

| Item Number | Description    |
|-------------|----------------|
| G7756BI     | lawn sprinkler |

Robust yet economical sprinkler. Aluminium arm has 16 jets giving a maximum coverage of 200m<sup>2</sup> at a 5 bar pressure. Adjustable to 4 modes of spread: full, right, left or centre. Filter in inlet. Supplied with brass male connector.

## Hose Connectors

### 7900 Hose connectors display

| Item Number |                  |
|-------------|------------------|
| G7900ALS    | complete display |

### contains

| Item Number |                             |      |    |
|-------------|-----------------------------|------|----|
| G7903       | hose end connector          | 1/2" | 12 |
| G7904       | male hose connector         | 1/2" | 6  |
| G7905       | full hose connector         | 1/2" | 6  |
| G7907       | double male connector       | 1/2" | 6  |
| G7907Y      | three way male connector    | 1/2" | 6  |
| G7912       | spray nozzle                | 1/2" | 6  |
| G7913       | automatic water stop        | 1/2" | 6  |
| G7915 50    | threaded tap connector      | 1/2" | 6  |
| G7915 62    | threaded tap connector      | 5/8" | 6  |
| G7915 75    | threaded tap connector      | 3/4" | 6  |
| G7916 50    | internal threaded connector | 1/2" | 3  |
| G7916 75    | internal threaded connector | 3/4" | 3  |
| G7918       | two way tap connector       | 3/4" | 3  |
| G7919       | tap union standard bore     |      | 3  |
| G7924       | hose repairer               | 1/2" | 6  |
| G7928       | tap union large bore        |      | 3  |
| G7943       | spray gun                   |      | 6  |

The range of C.K hose connectors is precision engineered to be long lasting and leak free. The fittings are solid brass, so are much more hard wearing than plastic systems, and are rust resistant. They are compatible with all popular makes of hoses of both 1/2" and 3/4" bores.

### 7903/33 Hose end connector

| Item Number |      |                    |
|-------------|------|--------------------|
| G7903       | 1/2" | hose end connector |
| G7933       | 3/4" | hose end connector |

Simple and easy to use, pull release connector. Used at both ends of the hose. Two sizes available.

### 7904/34 Male hose connector

| Item Number |      |                     |
|-------------|------|---------------------|
| G7904       | 1/2" | male hose connector |
| G7934       | 3/4" | male hose connector |

Two sizes available, both unite with G7903, G7913 & G7933.

### 7905 Full hose connector

| Item Number |      |                     |
|-------------|------|---------------------|
| G7905       | 1/2" | full hose connector |

Two piece connector suitable for extension/reduction of hose length. Includes G7903 and G7904.

### 7907 Double male connector

| Item Number |      |                       |
|-------------|------|-----------------------|
| G7907       | 1/2" | double male connector |

This connector joins two female ends (i.e. G7903), usually to extend a length of hose.

### 7907Y Three way male connector

| Item Number |      |                          |
|-------------|------|--------------------------|
| G7907Y      | 1/2" | three way male connector |

"Y" shaped hose connector to connect three separate hoses.

### 7913 Automatic water stop

| Item Number |      |            |
|-------------|------|------------|
| G7913       | 1/2" | water stop |

Connects to all fittings with male end ie: sprinklers, nozzles, spray guns etc. Breaking the connection automatically cuts off the flow of water.

### 7915 Threaded tap connector

| Item Number |      |               |
|-------------|------|---------------|
| G7915 50    | 1/2" | tap connector |
| G7915 62    | 5/8" | tap connector |
| G7915 75    | 3/4" | tap connector |

Suitable for threaded taps. Screwed onto the tap, the connector provides a quick coupling to the system.

### 7916 Internal thread connector

| Item Number |      |                  |
|-------------|------|------------------|
| G7916 50    | 1/2" | thread connector |
| G7916 75    | 3/4" | thread connector |

Will adapt non conforming accessories to the Brass Inter-lock® system.

### 7918 Two way threaded tap connector

| Item Number |      |                                |
|-------------|------|--------------------------------|
| G7918       | 3/4" | two way threaded tap connector |

Tap connector for 3/4" screw taps. Outlet for two hoses with separate valves.

### 7919/28 Smooth tap connector

| Item Number |  |               |
|-------------|--|---------------|
| G7919       |  | standard bore |
| G7928       |  | large bore    |

Tightens to smooth bore taps by screw clip. Two sizes available.

### 7924/32 Hose repairer

| Item Number |      |               |
|-------------|------|---------------|
| G7924       | 1/2" | hose repairer |
| G7932       | 3/4" | hose repairer |

Repairs split hose using one simple pull release connector. Two sizes available.

### 7980 Spare "o" rings

| Item Number |  |                 |
|-------------|--|-----------------|
| G7980       |  | spare "o" rings |

Pack of 20 "O" rings to replace worn rings on connectors.
