## Clamping Tools

The combination of the Metalworks, Luna and Teng Tools ranges of clamping tools offers a solution for almost every type of clamping requirement in the automotive and industrial work places.

Metalworks now offer a choice of three types of bench vice with different styles and a choice of forged steel vices for more heavy duty industrial use.

With the Teng Tools F clamps with fast action tightening and loosening, the Teng Tools 180° swivel handle F clamps, the Luna one hand quick action clamps and the Luna bench clamps up to 3 meters in length this is one of the most comprehensive ranges available today.
