Rivetting Tools

A comprehensive range of hand rivetting tools for use with blind rivets and nut sets including hand models, lazy tongue and long handle models.

Hand rivet guns

- A choice of three models to suit differing applications
- Heavy duty steel plate for regular applications or combined aluminium and forged steel upper and lower handles to maximise performance in more heavy duty environments
- Special fulcrum pins with anti rotation design to eliminate wear in the aluminium body on the combined material models
- Jaws can be quickly removed for cleaning or changing between rivet sizes.
- The 2.4 to 4.8mm model is available individually or as a set using the Teng Tools TC tray system.

Rivetting Tools

Set containing one rivet gun with four nozzles as well as 80 assorted rivets (20 each of 2.4, 3.2, 4.0 and 4.8 mm). Supplied in the Teng Tools TC tray with removable lid.

TTHR81	81 piece heavy duty hand rivet set (265x142x50mm, 1.3 kilos)
Hand rivetter	with four nozzles to suit aluminium/steel blind rivets(2.4, 3.2, 4.0, 4.8mm)
Aluminium rivets	2.4mm (3/32") x 20 black
Aluminium rivets	3.2mm (1/8") x 20 black
Aluminium rivets	4.0mm (5/16") x 20 black
Aluminium rivets	4.8mm (3/16") x 20 black
Accessories	nozzle wrench

TENGTTOOLS

Lazy tongue rivet guns

- Powerful rivet gun with 5 interchangeable nose pieces for up to 6.4mm structural and commercial rivets
- High strength aluminium body
- High strength steel lattice with advanced quadruple levers to reduce hand power and maximise output
- High grade alloy steel jaws and jaw case precision manufactured for durability
- Forged alloy steel pins bolts for durability
- Long head for easier access
- 3 jaw system for extra power and easier river loading and ejection
- Long stroke action maximises efficiency and allows fast action
- Head and jaw case easily removable for cleaning and maintenance

For professional use in construction and industrial applications. There are 3 jaws available giving a better grip and release of the nail. The lazy tongue design gives a large rivetting force and is suitable for use in areas difficult to access. The long nose is good for access, with 5 nose bushes for rivet diameters of 3.2, 4.0, 4.8, 6.0 and 6.4mm. (Repair kits are available on request).

HRLT01	€155.00

Long handle rivet guns

- Powerful rivet gun with 5 interchangeable nose pieces for up to 6.4mm structural and commercial rivets
- High strength aluminium body
- High torsion strength spring balance movement so that exerting pressure on one handle only still operates the rivet gun allowing the other handle to be used as a holding piece. Also allows the rivet to be securely held in the nozzle while operating in a vertical downward position
- Spent mandrels collected in a container to protect the operator and to keep the working environment clean
- High grade alloy steel jaws and jaw case precision manufactured for durability
- Forged alloy steel pins bolts for durability
- Long head for easier access
- 3 jaw system for extra power and easier river loading and ejection
- Long stroke action maximises efficiency and allows fast action
- Head and jaw case easily removable for cleaning and maintenance

For professional use in construction and industrial applications. The two hand grips gives a large rivetting capacity. There are 3 jaws available giving a better grip and release of the nail. A plastic container collects all the mandrels, with 5 nose bushes for rivet diameter of 3.2, 4.0, 4.8, 6.0 and 6.4mm. (Repair kits available)
