

Spanners

A range that has been developed over many years using DIN and ISO standards as the minimum benchmark for quality and dimensional tolerances. A policy that has resulted in regular best buy ratings in consumer and trade magazines. There is a choice of styles and types of spanner to suit almost any type of application or individual preference –

Combination spanners

- Manufactured and designed in accordance with DIN3113A from high grade chrome vanadium steel
- 15 degree offset rings to facilitate use even on flat surfaces
- hip grip ring ends to drive on the flat rather than the corner to help avoid damage to fastenings and to enable use on previously damaged fastenings
- Available in metric from 5.5mm to 70mm and in AF from ¼" to 1 7/8".
- All sizes are available individually
- A choice of sets with high quality cloth effect wallets or spanner racks available as well as various sets using the Teng Tools TC tray system.

Ratchetting combination spanners

- reversible ratchets with 13 degree offset heads for easier use against flat surfaces
- Flip reverse action for one handed direction change
- 72 teeth providing a 5 degree increment for a smooth action
- 8 mm to 32mm and 5/16" to 7/8" in AF with all sizes available individually
- A choice of sets using the Teng Tools TC tray system.

Flex head ratchetting spanners

- Ratchetting 12 point ring spanner with 180 degree flexible joint for access to even the most difficult to reach fastenings
- 72 teeth providing a 5 degree increment for a smooth action
- 8mm to 19mm with all sizes available individually
- A choice of sets using the Teng Tools TC tray system.

Midget combination spanners

- Short reach combination spanners for use in confined spaces
- 10mm to 19mm with all sizes available individually
- Also available as a set in the TC tray system

Mirror polished long reach combination spanners

- Extra long reach for added torque
- Mirror polished chrome finish as an alternative to the satin finish range
- 8mm to 19mm with all sizes available individually
- Also available as a set in a high quality cloth effect wallet

Double ring spanners

- 6mm to 32mm with all sizes available individually with double curved 75 degree high angle offset heads
- All sizes are available individually
- A choice of sets with high quality cloth effect wallets or spanner racks available as well as various sets using the Teng Tools TC tray system.
- The best selling "Rigger Jigger" is also well worth a look combining 10mm and 13mm ring ends on a short pocket sized wrench that is ideal for the most common fastenings in use today.
- Long, flat double ring spanners also available covering 8mm to 24mm.

Double open ended spanners

- 6mm to 32mm with all sizes available individually
- All sizes are available individually
- A choice of sets with high quality cloth effect wallets or spanner racks available as well as various sets using the Teng Tools TC tray system.
