

ROCOL
Refractometer

Rocol refractometer provides accurate read out (strength / mix ratio) of water mix cutting and grinding fluids. The Rocol refractometer provides immediate and accurate concentration analysis of water mix cutting fluids and makes dilution control simple. The refractometer should be recalibrated every time it is used.

- Place a couple of drops of water on the refractometer screen and close the cover plate
- Look through the eyepiece and align the blue/white divide with the calibration line (at 0), by rotating the correcting screw on top of the refractometer - It has now been calibrated

Item #	Type
R52060	Handheld

SUPERIOR
Grease Gun Accessories

A selection of accessories with various thread sizes to suit superior grease guns.

Item #	Mfg Part#	Size	Type
84710	NA5799	1/8" BSP	67.5°
84725	NA6626	1/4" UNF	90°
28011	37302		Hydraulic Coupler
28015	12" XS-FH		H/D Flexi Hose

ROCOL
Automatic Fluid Mixer

Rocol automatic fluid mixer accurately mixes and dispenses water mix cutting and grinding fluids from the barrel

Item #	Type
R52233	Automatic

SUPERIOR
Superior Barrell Pump

High quality, bright zinc plated pumo with telescoping tube for all size drums. 2" pipe thread fits all standard drums. Pumps approximately 3/4 pint per stroke.

Item #	Mfg Part#
28007	37203

MCANAX
Grease Guns

Lever action grease gun for general lubrication and maintenance work can be used with grease cartridges or bulk loaded. The mighty midget grease gun is a tool box sized grease gun ideal for DIY, agricultural or motor trade applications.

Item #	Mfg Part#	Type
28001	1280XS07	Lever

TALA
Mansil Mastic Cradle Gun
