MM&M 10/2008

Product Catalogue 2009

All Katrin products comply with CHSA standards.

All Katrin paper products bear the Nordic Environmental Label.

To help you make the right choice easily – let our colours guide you

Making the choice easy is not enough. We want you to make the right choice as well. To help you make the right choice easily, from now on, Katrin will have three new quality grades – Plus, Classic and Basic – and Saga is integrated with Katrin. To make your choice easy the quality grades are represented by three different colours in our new packaging design.

What's your colour?

The three new quality grades

PLUS

Our best products

- For the most demanding users and special requirements
- Added value for the customer
- Simply the best products

CLASSIC

For standard requirements

- For everyday usage and applications
- Value for money
- Our most comprehensive range

BASIC

For basic requirements

Numerous benefits for you

- Quick and easy to choose the right product
- Happy end users, less time spent handling complaints, greater appreciation from staff and management
- Compact range, better control of purchasing options
- Performing products that do the job with lower cost
- Lower consumption, less waste, lower purchase costs, reduced time spent on maintenance

Award-winning, for the environment.

Katrin Products are certified with the Nordic Swan environmental label.

The Nordic Swan Label
Metsä Tissue is produced in compliance with the strict Nordic Swan guidelines introduced in 1989 and controlled by the Nordic Council of Ministers.
The Nordic Swan Label is presented as an outward sign of certification limited to only those products that are highly compatible with the environment.
You will find it on nearly all Katrin products.*

Why use an eco-label?

- Guaranteed environmentally friendly products
- One of the many signs that Metsä Tissue is a company that takes its environmental work seriously
- Peace of mind for the end customer
- Places demands on manufacturers wishing to promote an environmental profile

The Swan Label aims:

- To limit environmental damage by promoting products that have the lowest possible impact on nature
- To make sure the Nordic eco-label criteria applies to all tissue papers

The Swan Label criteria guarantees:

- Ecologically sustainable forest management
- Resource savings
- Low environmental burden in production
- Low waste generation
- Product quality in line with product safety laws

The Swan Label requirements recommend:

- Timber from certified forests
- Use of production chemicals that consider the environment
- Less discharge of phosphorus and acidifying substances
- Lower emissions of sulphur and nitrogen oxide into the air
- Low energy consumption
- Pre-separation of waste
- Quality and environmental safety

* The following products have not yet been certified at this time:
Zig-Zag hand towels: 36180, 36190, 36210, 36220, 36230 and 10470 – 200 sheet toilet roll
